

Core Ideology

“To be recognised and respected worldwide as an innovator and provider of specialty foods which are able to be delivered in superior quality, customer focused and lifestyle driven formats”

Lemnos Tradition in the Making

The story of Lemnos began on a small Greek island in the Aegean Sea, where humble shepherds perfected age-old cheese-making techniques passed down from father to son. In Australia since 1969, Lemnos has acquired an enviable reputation for traditional specialty style cheeses.

Lemnos Foods also prides itself on being Gold Medal winning quality across our entire range of products.

Professional management, superior quality and new packaging systems has guaranteed that the reputation of Lemnos Foods continues to grow in the market place.

Utilising world best practices, Lemnos delivers superior quality products through a 'unique method of production' and state of the art manufacturing equipment.

Shelf Life

- Lemnos Australian Fruit & Cream Cheese has a refrigerated shelf life of 5 months from date of manufacture

Storage Instructions

- Once opened keep refrigerated
- Keep refrigerated below 4 °C

Features
